## Pontoon To Hold 1st Meet Thursday

Trustees To Adopt  
Village Laws; Officers  
To Be Appointed

The new village of Pontoon Beach will hold its first official meeting of the village board of trustees at 7:30 p.m. Thursday in the Nemekei township building in Stollings, Thomas L. Stalcioff, village president, announced.

The board will adopt ordinances and establish bylaws, rules and regulations. Stalcioff said he will appoint committees, a treasurer and deputy officers.

Meetings will be held at 7:30 p.m. on the second Thursday of each month. A permanent meeting time is to be determined, Stalcioff said, and negotiations are being made to use the Long county volunteer fire department hall.

"We would prefer to keep the meetings in the village," he said. An informal meeting of the board was held Friday night at the township building to study proposed ordinances and review necessary organizational moves.

Stalcioff said the village trustees urged the public to attend the meetings. "We need ideas and comments from the public," the president said. "We want to keep everything above board and keep the public informed."

At Friday's informal session, President Stalcioff introduced the village attorney, Robert Stalcioff, and the village clerk, Edna Herz, who is preparing the initial batch of ordinances.

Stalcioff also commented that even though the village trustees have not yet met in formal session, they already are in debt—\$278 for the election. The bill was received from County Clerk Edna Herz. "We don't know if it is for one or two elections, since we haven't received any ballots yet," Stalcioff indicated he was planning to propose a fund-raising project to clear the debt.

The shooting was admitted by Miss Elizabeth McClellan, 20, of Apartment 48, Lee Wright Homes, who walked a preliminary hearing this morning and was bound over to the county grand jury on a charge of aggravated assault. Police Magistrate Wesley Edwards set bond at \$5000, and she remains in custody.

Mr. Howell was wounded in the upper chest, and the bullet is believed to have fractured a left shoulder bone. Initially treated at St. Elizabeth Hospital, she was transferred to the St. Louis Hospital.

The shooting occurred in an entrance area between the two apartments, with Miss McClellan discharging an Army automatic from her doorway. She said Mrs. Howell had impugned her reputation in talking to three other women. Miss McClellan asked her to repeat the remark; when the woman did, she fired at short range toward her body, a statement to Venice police related.

The gun, owned by Miss McClellan, had been left on a table in the apartment by her sister, Roland, 18, who went upstairs. In recovering the automatic from him, officers were told he had taken it away from his sister after hearing the shot.

Miss McClellan said Mrs. Howell was attempting to remove something, which she feared was a weapon, from a purse at the time. When police arrived they found the woman lying on the ground, her dress soaked with blood. She was removed by ambulance.

## Robertson Plans To Contest 10-Vote Election Defeat

R. E. "Mickey" Robertson, former mayor who was defeated by 10 votes in his last Tuesday contest for the Seventh Ward council seat, told the Press-Record on Friday that he will seek a recount.

The city council is to meet in a special session at 7 o'clock this evening to canvass the results of last Tuesday's election which swept four aldermen out of office and put seven new men on the council.

Robertson, who bowed to G. H. Stemberger, local contractor, by an official vote count of 625 to 619, said he will file an election contest after the canvass. A similar contest was filed in the Seventh Ward two years ago when James Stalcioff was defeated by a narrow vote by Alderman Mrs. Gabrielle Stemberger. Stalcioff also was an unsuccessful candidate in last week's election.

Robertson said he was restricted to the election canvass, according to the city charter, which went out to the aldermen on Friday from the mayor's office.

A special meeting last Wednesday night was called to iron out the engineering contest for a sewage treatment plant, but the meeting was canceled.

Mayor James Stalcioff said the session that the matter probably would be laid over until May when the new council members are seated.

The council is faced with a June 1 deadline set by the State Sanitary Water Board, to show evidence of proper bond authority for construction of a new water plant to halt city pollution of the Mississippi River.

May Name Treasurer  
The mayor said he would submit the name of his selection of a city treasurer to the council. He said he would like to see the chairman this evening. Veteran Treasurer Frank Spang has been submitting his resignation since April 30.

However, a number of Stalcioff's friends have advised him that his resignation because of the many changes to take place on the council, is premature. They say one reason for quitting is a lack of cooperation from the city's water supply.

The council will continue in session the remainder of this month, with regular meetings on the 15th and 22nd. Alderman Frank Vesel has announced he plans to resign after the city's water supply. Fluoridation was approved in a special advisory session conducted along with a regular election and then was voted down by the council.

May Limit Taverns  
Dr. Lee also suggested that a limit be placed on the number of liquor licenses to be issued in the city. Currently 10 or 12 establishments have been issued licenses. The council was asked to consider a change in liquor license rates to correct an inequity between taverns and those operated by organizations.

Taverns pay \$300 and the clubs \$75 a year, but the clubs pay the same fee for each lowering the cost of the tavern license and increasing the club license.

The clubs now are open to the public, he said, and are in competition with the taverns. The neighborhood tavern operators are having an increasingly difficult time remaining in business, he said.

## Venice Community Center Is Planned

City Takes Option On 5  
Lots On Logan Street;  
May Set Tavern Limit

The Venice city council has taken an option to purchase five lots in the 1100 block of Logan street as the site of a proposed community center.

The council adopted a resolution Friday night to take the option after the property owners indicated they would sell the 25-foot lots at a total price in the neighborhood of \$13,000.

Five hundred dollars in "earnest money" was provided and will apply to the purchase price if the option is exercised on or before April 15.

The lots contain houses and are located at 1108 through 1116 Logan street. The city also plans to negotiate for the purchase of four additional lots on either side of the tract.

To Consult Residents  
No plans for the center have been drawn as yet. Mayor John Lee said officials will confer with residents of the neighborhood to determine the features they would prefer.

Architects at Washington University have agreed to assist in the design of the structure.

"When we were youngsters we were able to play in the street," the mayor recalled, "but there is too much traffic. We need a place where the kids can go after school and where adults can use in the evenings."

Liquor License Fees  
The mayor asked the council to consider a change in liquor license rates to correct an inequity between taverns and those operated by organizations.

## Driver Dies, 2 Injured In Route 67a Crash

10th Area Traffic  
Fatality; 8 Others  
Hurt During Weekend

The Quad-Cities' 1963 traffic fatality toll rose to 10 early yesterday with the death of St. Elizabeth Hospital of Thomas Edward King, 36, St. Louis, following a two-auto crash on Route 67a at the Bend road-Eagle Park road intersection.

Two non-fatal injuries in the same accident were among ten occurring in this area during the weekend. Auto mishaps totaled 18.

The Route 67a collision occurred at 1:15 a.m. Sunday and Mr. King, suffering internal injuries, was rushed by ambulance to the hospital, passing away there at 3 a.m.

An inquest is to be conducted by County Coroner Henry Pieper.

State police said both King and David A. Krull, 19, of 4132 Rode avenue were driving north on the highway a short distance south of Madison when King apparently attempted to make a turn onto Eagle Park road from the wrong lane. The left side of King's car was struck by the rear of Krull's vehicle.

Sam Williams, 52, St. Louis, a passenger in the King auto, suffered a head laceration and a back pain. After emergency treatment here, he was taken to a St. Louis city hospital.

Miss Janice Abernathy, 18, daughter of Homer Abernathy, 2308 East 24th street, was a passenger in Krull's auto and was treated at St. Elizabeth Hospital. She sustained a laceration to the right side of the forehead. She is to return for follow-up x-rays.

Two other injuries were listed for Krull. They were returning from the Leopards.

Mr. King, a Negro, who resided at 2606 Gamble street, was semi-conscious when admitted to the hospital and reported a pain in his back. He was having difficulty breathing, and efforts to revive him proved unsuccessful.

Survivors include his wife, Mrs. Lorraine King. His remains were transferred from a Granite City funeral home to a St. Louis funeral home, where plans for burial are being made.

Two Drivers Hospitalized  
Shirley Fairfield, 25, of 2410 Twentieth street, was charged with having no driver's license and following the crash. She was involved in an accident about 12:45 a.m. Saturday at 20th and Washington streets.

The 40-year-old woman was driving in a collision with one driven by Louis Tharna, 60, of 1337 East 24th street. The auto was traveling east on 20th street.

Both drivers were admitted to St. Elizabeth Hospital in fair condition.

Donald R. Jones, 26, of 2510 West 24th street, was treated at St. Elizabeth Hospital Saturday afternoon for cuts to the top of his head and right eyebrow. He was driving struck a utility pole on 24th and street at the railway tracks, police said.

Hurt On Highway  
A St. Louis woman, Patricia Pickett, 22, suffered minor injuries about 11 a.m. Friday when her auto was involved in an accident on Bypass 66, 40 1/2 mile east of Route 111, where she was making a left turn into a driveway. State police said the other driver, Taylor Butler, 50, of 1813 Spring avenue, was attempting to pass.

Jean Granger, 29, of 1810 (near) Sken street, was treated at St. Elizabeth Hospital for fractures sustained in a motorcycle accident at 4:30 p.m. Saturday. He received abrasions and contusions to the left leg and knee and an abrasion to the shoulder.

State police said Granger was traveling south on State Route 111 and was making a turn at Pontoon road when he was struck by the southbound auto of Wilbur Burdette, East St. Louis, who was unhurt.

## SWIU Taking Applications For 230 Scholarships

Applications are now being received by the Scholarship and Awards committee of Southwestern Illinois University's Quad-City-Edwardsville Campus for nearly 230 scholarship awards available for next fall to new and currently enrolled students.

Based on a combination basis of scholastic ability, financial need, and service to the university, the awards have a value of \$42 per quarter or \$168 per school year to in-state students. The Scholarship and Awards committee will give first consideration to new students submitting their applications before May 6, according to Thomas D. Evans, assistant director of student affairs, who is responsible for the campus program of financial assistance. After the applications must be submitted before July 15 in order to be considered.

Last year 156 students at the new campus received SWIU scholarship and activity awards. Many students obtain student employment along with receiving SWIU scholarship and activity awards, Evans said, and in some cases National Defense Loans ranging from \$50 to \$200 per quarter.

"Combining a student work program with a scholarship and activity award or a national Defense Loan, students with good grades can receive a total of \$500 to \$700 a year," Evans said.

## Wide Variety Of Thefts Over Weekend

A wave of 21 thefts—ranging from a series of liquor thefts from taverns and clubs Thursday night to houses and store break-ins and two shoplifting arrests were reported in the Quad-Cities for the weekend.

While on patrol early Sunday morning police discovered a door glass broken in the east side of the Knights of Columbus building at Edison avenue and 21st street. John Kluge, 2108 Kirkwood, an employee, was called in to check the premises. He reported \$40 was missing from a box at the bar and about \$1 in pennies from the cash register.

Club Liquor Stolen  
A break-in at Quad-City Amvets Post 51, Pontoon Beach, was reported to the sheriff's office Thursday evening. The front door was forced to gain entry and an undisclosed amount of liquor and cash stolen. Burglars broke into Eddie's lounge, 2900 Nemekei road, early Friday morning and stole \$40-\$50 worth of assorted liquor. The juke box was pulled out and turned around, apparently to rifle its coin box. The thieves were frightened away, it is believed, because the machine was owned by Oscar D. Warren, father-in-law of the proprietor, discovered the next morning.

## MOTHERS' CLUB PLANS ANNUAL EASTER HUNT

The pledge of allegiance, led by Mrs. Josephine Vangel, opened a regular monthly meeting of the Lincoln Place Mothers' club Thursday evening at the Community Center.

Mrs. Lenine Simpson presided at the business session, at which time reports from the treasurer, Mrs. Anna Kuruz, and the substitute secretary, Mrs. Dorothy Petrillo, were heard.

Plans were made for the club's 16th annual Easter egg hunt, to be held Saturday, April 13, at 10 a.m. at the Hungarian Home. This hunt will be open to children 12 years of age and under.

A date was chosen for the Mother's Day banquet, and plans were completed for a fund-raising event to be held in May.

Refreshments were served by the hostesses, Mrs. Ophelia Antoff and Mrs. Mariann Domitrovich. There were 12 members present.

Hostesses for next month are Mrs. Anna Kuruz and Mrs. Mildred Grobowski.

## Safety Council Gives Party For 75 Newsboys And Girls

The Quad-Cities Safety Council sponsored a hot dog party Saturday afternoon for approximately 75 children, most of them newsboys. The event was held in the YMCA auditorium.

Safety Council members in charge were Police Chief Raymond Willard; Police Lt. Paul Moore; Al Weider, safety engineer at Dow Metal Products Co.; Merrill Cox, safety director at Laclede Steel Co.; Assistant Fire Chief Curtis Donley; and Venice Supt. of Schools John Pier.

Also present were Fourth District VFW Commander Harvey House, VFW Post 1300 Commander Richard Rander and Junior Vice Commander Magnus Leisner. The post recently donated luminous vests for the use of newsboys while delivering newspapers in the dark.

Vests were on display for a newly-painted newspaper cart. All the local newsboys are using this cart. The cart is painted and trimmed with luminous tape.

"Safety" Magic Tricks Cox presented a show of magic. Each of the tricks had a safety message in it for the newsboys. In one of his tricks he pretended to be a man crossing the street reading a newspaper. Willard picked up the newspaper and apparently changed a copy of the Press-Record into a bouquet of flowers. The message was, "It will be flowers for anyone reading a paper while crossing the street."

As chairman of the event, Lt. Moore thanked the local business firms that donated the refreshments for the party.

Children attending were Leon and Fuchs, David Polivick, Wayne Smith, Jimmy Moran, Randy Vancil, Joey Vaughn, Charles Walton, Mike Reynolds, Randy Proffitt, Anthony Staley, Mace Rodgers, Keith Rodgers, Mike Jackson, Gregory Vancil, Harold Miller, Ronald Pruitt, Jerry Pruitt, Steven Lewis, Austin Lewis, James Click, David Click, Robert Widel.

## HOMEMAKERS' LESSON IN HOME DECORATING

The Granite City unit of the Madison County Homemaking Extension Association held a monthly meeting Wednesday afternoon in the recreation hall of Nidringhaus Memorial Methodist Church.

Mrs. Marshall McElroy, chairman, conducted a business meeting and then introduced Mrs. Elaine Wendler, county advisor, who gave the major lesson. This was the third part of a lesson entitled "Art In Your Home," with the subject being color colors in the home furnishings and paints.

She advised the homemakers not to use more than three main colors in a room and to consider the family's likes or dislikes in specific colors. When decorating a main point is to make the home enjoyable and livable and will keep the color within reason for the average income family, she added.

Mrs. McElroy announced that the annual meeting will be held April 29 at the Lewis and Clark restaurant. All members must have reservations for the luncheon, and are to register at 9:30 a.m., with the meeting to begin at 10 a.m. Mrs. Elaine Pitts of Chicago will present a hat fashion show at this meeting. Hats to be shown date from 1896 to the present day, and are from a collection now on display at the Metropolitan Museum of Art in New York.

A district meeting will be held May 16 at the Big Top Bowl and will begin at 9:30 a.m.

Mrs. Catherine Arnold gave the health lesson, which dealt with the danger of using hair spray in the home when smoking, since the mixture is highly combustible.

Refreshments were served by the month's hostesses, Mesdames Ethel Petri, Anna Noth and Clarence Schumacher.

Members present included Mesdames Riggs Weston, Frank Parr, Phil Morrison, John Brockman, Alma Beckman, Charlotte Temple, Chester Kelly, Peter Argolan, Arthur A. Ringering, Frank Zaruba, Lenora Hawkes, M. J. Hill, Eugene Osborn, John Obrowski, William E. Breslin, Floyd Tucker Jr. and Wayne Holt, and three guests.

## Two Bills Proposed To Set Aside Capital Punishment

(Special from Springfield) Legislation to proclaim a six-year moratorium on capital punishment in Illinois was offered in both branches of the General Assembly this week. Chief author in the Senate was Sen. Robert McCarthy (D-Lincoln), making his fourth try to enact such a proposal with Rep. Abner Mickus (D-Chicago) the principal author in the House.

The two bills differed, the McCarthy proposal exempting "cop killers" and "hired assassins" from his measure. The Mickus bill contained no exceptions but it was understood an amendment to make it match the Senate bill would be accepted by the sponsors of the House proposal. Both bills were referred to the respective Judiciary committee of each house. Among co-sponsors on the Senate bill was Sen. Paul Simon (D-Troy); while co-authors on the House bill included Rep. L. C. Harris (D-Granite City).

Auto Inspections - Illinois, using a system of highway permits to submit to a safety test and test stations would be allowed to charge a \$2 fee under a bill introduced by Rep. Ralph J. Smith (R-Alton). Orval H. Meier (R-Litchfield) and Ed Lehman (R-Scott, St. Louis). It provides for issuance of safety certificates good for six months. Other new legislation offered this week by members from south central and southern Illinois, included: Paul Powell (D-Vienna) repeats an appropriation to make public lands suitable and available for underprivileged children-appropriation no longer needed; By Reps. Traynor, Hart and Charles Ed. Schaefer

### Six Key Financial Questions In Your Life

By ERNEST A. KARANDJEFF  
President — Granite City Trust and Savings Bank

Many people, when they reach middle age, wonder why they haven't given more attention to the financial aspects of living. Many ask, "Why didn't somebody tell us sooner?"

Unfortunately, we all spend a lot of time and effort on things that aren't really so important to us. We shop to save a few dollars on individual daily purchases or on the little things that we need for our home. But these little savings, while in the long run, aren't too great.

What are the key areas? Number one: Have a definite savings plan. If you don't have one, stop everything and make your plans now. If you look through your list of regular purchases, you can find many things to cut so that you can create a regular savings program. Accept the "regular." If there isn't a single item you can eliminate, then trim a little on everything that you spend.

Number two: Consider your insurance program. If you buy casually and without proper planning, you will wind up with a casual insurance program. Start it right, think about it or review the program that you have so that you can create an adequate retirement program. Number three: Your budget. This could well be listed as number one because of its great importance. With most of us, the man isn't the one who prepares the budget. Let's face it, the women are the ones who make the budgets and who follow them. Many of us don't have a budget until after we've started and if we don't have one then, it's like being at sea without a rudder.

NOTE: For financial assistance or banking services, you are advised to consult Mr. Karandjeff or any of the other officers of Granite City Trust and Savings Bank, 1929 Edison Avenue.

Hours: 9:00 to 2:00—Monday thru Thursday

Number four: What do you know about housing? Don't know whether you're going to rent or buy. But how you handle this major item will have a lot to do with your financial future. Understand before you buy what it is that makes people need to move to a different house in three years at a financial loss. Buying his house right can often make a man financially better off than buying the wrong one. If you buy the biggest bargain in town, in the wrong neighborhood, you can wipe out your bargain savings on your first move.

Meanwhile, the lad who you believe paid through the nose in an up-swelling neighborhood may come out \$40,000 ahead in a lifetime.

Number five: Your credit policy. This affects the whole atmosphere in your house. If you have a policy of using credit to a certain extent and no more, you will have peace of mind. If you have a credit policy which you ignore, if your life will be miserable. You'll have a nervous moment before you go around every corner, or before you get out of bed each morning.

Credit changes the price of every item you buy. One error is to use too much credit. An equally serious error is to use too little. If you establish no credit, you cut yourself off from a huge emergency reserve which you owe to your family. . . and perhaps your business. Also, if you insist on paying off your mortgage too fast—strapping your family to a spartan budget to do it—the best part of your life may go by in a cold austerity program.

Number six: Education—not just for the kids—but especially for yourself. A business grows because capital is poured back into it. A person also grows because capital has been poured back in to expand skills and expand knowledge. There are no financial mountains to be climbed without the saving of a few minutes time and attention that the time many of us spend shopping for more trivial price advantages.

MISS ANN ISABEL WILEY, whose engagement to William Harris Berry Jr., a son of Mr. and Mrs. W. H. Berry Jr., 3708 Johnson road, is announced. The bride-elect is a daughter of Mrs. Charles L. Wiley of York, Pa., and the late Mr. Wiley. The wedding will take place June 8 in York.

### Lenten Quiet Hour Observed By St. Peter Guild

Hoehscher, Mrs. Emil Mueller, Mrs. Elmer A. Branding, Mrs. Eugene Baumberger, Mrs. Robert Baumann and Mrs. M. A. Hasdall.

## Hospital Given Award On Patient Relations

A Pulse Certificate of Merit for Patient Relations has been awarded to St. Elizabeth Hospital by the editors of "Pulse on Patient Relations" magazine for its program of patient relations activities.

With the award, the hospital is eligible for competition for one of four national Pulse Patient Relations Award designed to honor the four best patient relations programs in the nation. Ninety per cent of the hospitals in the greater St. Louis area were entered in the contest, and only three others received the certificate.

The certificate was presented Friday by E. T. Blackwell of St. Louis, regional chairman of the American Surgical Trade Association and vice-president of C. W. Alban & Co. hospital equipment and supplies firm. He represented "Coordinated Communications," a monthly publication concerned with outstanding programs of patient relations in the hospital field.

The award was accepted by Sister Mary Thomas, hospital administrator. A letter from the editor of the publication congratulated the staff "for the fine job you are doing in this vital area of hospital work, and for the spirit and enthusiasm you have demonstrated in contributing to better patient comfort, morale and personal services before regular professional care."

A PULSE CERTIFICATE of Merit for Patient Relations is accepted by Sister Mary Thomas, administrator of St. Elizabeth Hospital, from E. T. Blackwell, right, regional chairman of the American Surgical Trade Association. Bernard Finney, hospital personnel director, looks on.

## Independent, \$60 Campaign By McGee

William McGee, chemical engineer, and new Sixth Ward alderman who won over the incumbent and strong opposition, in his first bid for a city office, conducted an independent campaign with the aid of volunteer individuals, he told the Press-Record Friday.

McGee reported he spent less than \$60 to conduct his successful campaign and said he received no support from any organization. It had been reported that a quick switch had been made on election day by the city administration to back a winner in the Sixth Ward.

"The implication in the paper April 4 that I received support from the Davis machine is untrue. The insinuation is unfair to the voters who believed that I was truly independent and committed to no one except the residents of the Sixth Ward."

"I wish to reaffirm my independence from any political tie and to restate that my only reason for entering politics was to improve the condition of my home."

"You may be interested in how this campaign was conducted. It was run on a shoestring and cost less than \$60. Only my money was involved and offered donations from individual citizens were refused. The signs were made with the aid of my wife and children using donated cardboard blotters and scrap plywood from home projects. A friend printed my only handbill at cost. The one newspaper ad cost less than \$24."

"But the success of the campaign depended on people—the voters in about 2000 homes which I visited, the interested

"This is what I promised to do and this is what I will do."

Serving Rural Illinois...

**Farm wife, 1963**

There was a time when the farmer's wife cooked meals on a coal or wood stove, hung foods down in the well to keep them from spoiling, laundered clothes by muscle power, and lighted the house with kerosene lamps.

The "good old days" were really the hard old days. It's a blessing they're gone, thanks to electricity. Today's farm women have even more use for modern water-saving electric appliances than their city sisters. Every farm family in Illinois Power territory that wants electricity has it. Serving our rural customers is given top priority, always.

We serve more than 100,000 customers\* in rural areas—more than twice the number served by taxpayer subsidized REA cooperatives in the same areas.
